

Cable tray fabrication and shelving prices

Overview

Click to explore cost-effective solutions for industrial and commercial projects. Basic cable tray systems cost \$3-15 per foot depending on type and material. Installation labor adds \$5-8 per foot to total project costs. Ladder trays typically cost 20-30% less than solid bottom systems. Bulk orders of 1000+ feet can reduce unit pricing by 15-25%. Regional variations can impact. Whether you're planning a big new build, renovating an existing space, or designing something really specific, understanding how to get precise and timely cable tray costs is key. The price structure typically reflects the material composition, whether aluminum, steel, or.
