

Cable tray fittings and connectors

Overview

Cable trays consist of rigid components like supports, connectors, and fittings made of either certain steel alloys or aluminum materials. The right cable trays and fittings provide superior versatility, safety, cost-effectiveness, efficiency, and ease of installation. They offer an alternative to open wiring or electrical conduit systems and are necessary for cable management in commercial and industrial construction, as well as. For ease of installation and accessibility, lay cable and hose in trays instead of pulling it through conduit or raceway. Use Cable Tray Nut / Bolt for Fixing to Tray (PNB612) Compatible with Brands such as : Unstrut |.
