

Garden electrical distribution box fence

Overview

Picket fencing that is as tall as the transformer can hide the box from view and add charm to the yard. Can you put a yard fence near a power box?

Generally, yes, but you must maintain specific safe distances to comply with regulations and ensure safety. This guide will help you navigate the rules for yard fence installation near utilities, focusing on how close you can put a yard fence to a power. Some boxes, like gas, water, and cable, can be covered if they remain accessible for maintenance. If you've ever noticed an attractive front yard garden, only to have your eye drawn immediately to the outdoor electrical box in the flower bed, you know what an ugly eyesore these essential features of our homes can be. To hide utility boxes in your yard, consider using a combination of plants such as *Calamagrostis acutiflora* feather reed grass, *Iris sibirica* (Siberian Iris), and Echinacea.
