

How much does it cost to install a cable management rack

Overview

Equipment Costs The costs of the actual hardware that's being installed can range. This price variation is influenced by several factors, including: Entry-level racks can start at around £500, and installation needs may vary significantly. Network installation costs vary significantly, ranging from \$2,500 to \$6,000 or more, as there's no one-size-fits-all network cable installation pricing model. When it comes to racks and cable management, it seems like there's always been a de facto line between basic, more or less bare-bones options aimed at typical, day-to-day contractor needs and feature rich premium solutions for higher-end "project work".
