

# **Latvian Single-Mode Fiber Optic Production Base**

## Overview

---

In Līvāni, two high-tech companies – Lightguide and Ceram Optec – produce their products with great success and recognition in the global market. Lightguide is a Latvian company that develops and manufactures optical fibers, their bundles, as well as cables for light and laser. Currently SIA "Fiber Optical Solution" has a set-up production process for navigation grade Fiber Optic Gyroscopes (FOG) as well as FOG based Inertial Measurement Units (IMU) and Strapdown Inertial Navigation Systems. 51% from 2020 to 2024, the growth rate from 2023 to 2024 experienced a significant decline of -12. The leading Fiber Optic Cable Manufacturers in Latvia are listed in this directory. Answer any industry question in minutes with our entire database at your fingertips.
