

Malaysia Border Fiber Optic Cable Construction

Overview

One of the flagship projects under the new budget is the Sambungan Kabel Dasar Laut MADANI (SALAM), a RM2 billion investment to construct a 3,190-kilometre subsea fibre-optic cable linking Johor to Sarawak and Sabah. The Fourth MADANI Budget 2026, tabled by Prime Minister and Finance Minister Datuk Seri Anwar Ibrahim, outlines a total expenditure of RM470 billion, reflecting the government's continued commitment to national reform, social equity and sustainable growth. In a bold move to bolster digital resilience, Malaysia has embarked on a transformative initiative to lay fibre optic cables along its 1,600-kilometer North-South railway corridor, stretching from Padang Besar in the north to Johor Bahru in the south, and extending to Tumpat in Kelantan. Litcom Engineering Sdn Bhd (1159079-X) is also a Malaysian certified CIDB G7 Construction Company. KNZ ENGINEERING SDN BHD is an engineering-based company which focused on telecommunication industry specializing in install and splicing of fibre optic cable including developing and constructing the telecommunication infrastructures works. The Economic and Social Commission for Asia and the Pacific (ESAP) serves as the United Nations' regional hub promoting cooperation among countries to achieve inclusive and sustainable development. The largest regional intergovernmental platform with 53 member States and 9 associate members, ESAP.
