

Markings on the side of the distribution box

Overview

Once you open the distribution box, take a look at these key parts: Shows the voltage level for your home. Whether you are sending or receiving packages, you must have noticed the various packaging symbols on the boxes. The mandatory minimum marking requirements for all DOD CUI is CUI Banner/Footer markings and the CUI Designation Indicator or DI Block. These symbols help senders or receivers understand what content is inside the package. These universal pictograms, properly placed on the boxes, serve as guidance for the perfect handling of the cargo, since they are not accompanied by written words and are understandable anywhere in the world.
