10 Best Outdoor 360-Degree 4K PTZ Security Cameras (2026)

IP and Ik Ratings Night Vision PTZ Specs PTZ Automation Audio Features When installing any security camera in an outdoor setting, you need to ensure that it is protected against rain and dust. Therefore, we recommend choosing a device with a minimum of IP66. Fortunately, most cameras on this list have this minimum IP rating. Also, if you want to vandal-proof the device, you will have to get one with an IK10 rating. See more on securitycamhq Missing: Optical Modules Must include: Optical Modules Hikvision
