

What accessories are included with a fully bundled terminal box

Overview

ROSE Systemtechnik has a wide product range with more than 2,000 terminal enclosures. We offer bespoke, custom-made terminal boxes and terminal box combinations, as well as standard products with short delivery times. The CEAG installation system provides an economical way of mounting the terminal boxes on walls, trellis work and pipes. In doing so, we adapt to your individual specifications and requirements to achieve the best possible results for you and your project. Typical accessories include wall mounting brackets for fixing, when required, mounting plates and DIN rails for the installation of electrical equipment, and hinges for easier access to the ins ss steel 316L.
